

Boston Driving School.co.uk

Offering You the Freedom of Driving

07971324173

SAGE (Safe driving in old AGE)

When we become 70 we need to reapply for our driving license. Your Doctor will need to assess your medication & you will need to confirm your eyesight meets the legal requirement.

I can offer an Independent & Confidential Assessment of your driving ability. **This will be for you or your family it can not be used for the DVLA or the Police.** I'm sure sometime family might want to be assured that the older family member is a safe driver

I have the approval of the Lincolnshire Road Safety Partnership & Consultants at Pilgrim Hospital to Trial this Service

You can contact me either by asking your doctor or practise nurse for more information. Or ring me on 07971324173 or visit my website www.bostondrivingschool.co.uk/sage or write to 50 Jubilee Avenue, Boston, PE21 9LE

I regret that there will be a charge of £20 for the administration & my time.

I will come to you & let you drive your car in areas that you know, and then assess how you drive and write a report for you. If you want I can help with any extra help or knowledge you might want.

I look forward to hearing from you.

Tony
